

Welcome to Izu Peninsula!

To International Visitors who are traveling in Izu Peninsula

We are giving out SIM cards to anyone who downloads the **NAVITIME for JapanTravel**

Please show your passport and your NAVITIME for Japan Travel App screen.

The Izu Development Association, a regional tourism association formatted by the Shizuoka Prefecture and 13 local governments in the Izu Peninsula area, is implementing a research to enhance the preparation of a safe and comfortable environment for international tourists to travel. From the GPS data gained from the designated app, we are understanding the trends of foreign tourists who are visiting Izu Peninsula. We are giving out SIM cards that can be used in smart phone devices to anyone who participate in this research.

●**Distribution Period** : 12/28/2015 ~ 2/29/2016 ※The distribution will end when all SIM cards are given out.

●**Target** : International Visitors (Only for individual travelers, not for tour groups. 1 SIM card per party)

●**How to receive the SIM card** : Please go to the distribution spots listed below, show your passport and the top screen of the navigation app "NAVITIME for Japan Travel".

●**Distribution spots** : Station counters of Izu Hakone Railways (Mishima station, Izu nagaoka station, Shuzenji station), Station counters of Izu Kyuko Railways(Izu-Kogen station, Izukyu-shimoda station), Tokai bus information centers(Atami Station, Ito station, Shimoda station, Shuzenji station, Mishima station), Suruga Bay Ferry gate(Shimizu port), Atami city tourist information center, Ito Tourism Association(Ito station tourist information center), Izu city tourist information center, Izu no Kuni city tourist information center, Mishima tourist information center, Daiwa Roynet Hotel Numazu, River Side Hotel Numazu, K's House Ito Onsen, Seizan Yamato, Yokikan

※The service period of the SIM card is for 7 days after connecting, and the data capacity is 200MB per day. It can be accepted for any kind of smart phone device. ※Downloading the navigation app for foreign tourists "NAVITIME for Japan Travel" will activate your GPS function, but the GPS data taken from this research will be acquired and processed as statistical data, and will not be used for identifying the performance of individuals.

NAVITIME for
JapanTravel

Japan Travel

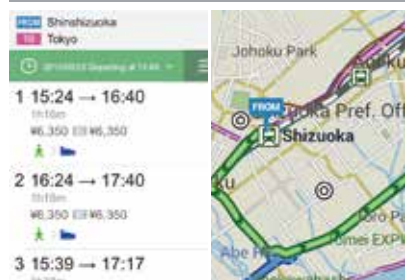

With NAVITIME for Japan Travel, you can explore Japan as freely as you wish. Let us support you along the way as you set out to discover Japan's hidden gems.

SPOT SEARCH

Search offline for various spots near you. The map displays your current position and the distance to your desired spots such as free Wi-Fi hotspots, ATMs, and train stations.

ROUTE SEARCH

Type in your preferred point of departure and your destination, and the app will show you the most efficient way to get there. The function also features a train route map, station lists and information on train delays.

TRAVEL GUIDES

Get to know the basics of traveling in Japan through articles written by foreign authors residing in Japan. Learn about Japanese public transport, Wi-Fi networks, Japanese culture, and more!
